1 Introduction

The Islamic Emirate of Afghanistan, through the Ministry of Mines & Petroleum (the “Ministry”), is seeking Expressions of Interest to participate in an open, transparent and competitive tenders of each bidding area for the right to explore for, develop, and produce hydrocarbons in the Kushka Zone-1,2 & Tirpul of the Kushka Tirpul Basin of north west Afghanistan (the “Tender”). The Tenders will be conducted in accordance with the Hydrocarbon Law of Afghanistan (the “Law”) and is expected to result in the award of an Exploration and Production Sharing Contracts (“EPSC”) by the **Second quarter of 2024**, with the preferred bidder to be announced in **April 30, 2024**.

Companies and consortia that are interested in participating in the Tenders (each, an “Applicant”) must submit separately for each bidding area to the Ministry an Expression of Interest letter, an executed Power of Attorney in the form attached as Annex C, and information concerning the Applicant’s legal, financial and technical qualifications to conduct hydrocarbons operations in the Kushka Tirpul Basin. Section 3 (Information Required for Qualification) describes the specific legal, technical and financial information requested.

Upon receipt of Expressions of Interest, the Ministry will assess and qualify Applicants for participation in the Tender. To be considered for participation in the Tender, Applicants should submit an Expression of Interest no later than **January 15, 2024 at 1200 hrs Kabul time**.

All documentation must be submitted in English. Expressions of Interest can be accompanied by an Executive Summary of maximum five pages in one of the official languages (Pushto or Dari) of Afghanistan, at the discretion of the interested company. Expressions of Interest may be submitted in hard copy but must be submitted electronically to qaisbilal@momp.gov.af, mtk034@yahoo.com. **Applicants are advised to check the Tender website regularly at www.momp.gov.af.**

2 Contract Area

The Kushka and Tirpul blocks cover an area of approximately 23,395 square kilometres, mainly associated with Kushka zone and Tirpul basin which shares international borders with Turkmenistan and Iran to the Northwest and West, respectively. The Kushka zone of folds is an anticlinal zone in southernmost Amu Darya Basin that lies on the western plunge of the Parapamiz-Bande-Turkistan range (Ulmishek, 2004; VNIGNI, 2005b). The Tirpul Basin is transpressional basin located in western Afghanistan, extending from near Herat in the east, to the Iranian border in the west. The basin is generally bounded on the north by the Safed-Koh Anticline and on the south by the Herat/Hari Rud Fault Zone (USGS – Assessment of Undiscovered Petroleum Resources of Southern and Western Afghanistan, 2009). Exploratory wells, gravity and magnetic assessments has shown a good reserve of hydrocarbons, which needs further investigations.

The Bidding area is divided into 3 different sections i.e., Kushka Zone-1, comprise of 3 blocks (Kuska 1,2 & 4), Kushka Zone-2, comprise of 4 blocks (Kushka 3,5,6 & 7) and Tirpul, comprise of 4 blocks (Tirpul 1,2, 3 & 4) respectively.

The blocks of the Bidding area are shown in the map attached as Annex A. Coordinates, known wells and prospective hydrocarbons structures in the Kushka Zone-1, 2 & Tirpul are presented in the map attached as Annex B.

3 Tender Process Timeline

The Ministry expects to conduct the Tender process according to the following timeline:

Date	Event
December 16, 2023	Announcement of Tender and Request for Expressions of Interest
January 15, 2024	Deadline for submission of Expressions of Interest
February 16, 2024	Notification of qualification
Mar 1, 2024	Tender materials made available to qualified Applicants
Mar 15, 2024	Bids due / public opening of Bids
April 30, 2024	Announcement of Preferred Bidder
May 01, 2024	Contract Award

The timeline above is indicative only and is subject to change at the discretion of the Ministry.

4 Information for Qualification

The Law requires each contractor that enters into an EPSC with the Ministry to have a good reputation, be in good legal and financial standing, and demonstrate a proven ability to contribute the necessary capital, machinery, equipment, tools, and technical expertise to perform its obligations. Furthermore, the Law provides that the evaluation committee, acting through the Ministry, may require prospective contractors to submit documents that establish their expertise in conducting hydrocarbon operations. In accordance with these provisions, the Ministry hereby requests all Applicants seeking to qualify for the Tenders to submit the following information separately for each bidding area:

4.1 Legal Information

4.1.1 The full legal name of the Applicant, its contact person, postal address, telephone/fax numbers, and e-mail address. If the Applicant is a consortium, such information must be provided in respect of each member of the consortium.

4.1.2 The ownership structure of the Applicant, established as follows:

- ii. evidence equivalent to the above criteria establishing that the Applicant is technically capable of exploring, developing, and producing hydrocarbons; and
 - iii. evidence establishing the Applicant is capable of drilling wells with depths greater than 4,000 meters or having potential of; and
 - iv. details regarding the Applicant’s health, safety, and environmental (“HSE”) capabilities and its HSE record for all operations involving drilling, producing, and processing of gas fields, particularly with respect to its performance with H₂S laden gas during the past 10 years; and
 - v. details regarding the Applicant’s compliance with its obligations under previous or current hydrocarbon production sharing contracts, licenses, concessions or permits during the past 5 years, including but not limited to details regarding regulatory actions or investigations and any material noncompliance with obligations as to work programs, minimum production requirements, or payment of fees or royalties.
 - b. In the case of a consortium, such information on the member of the consortium designated to be the operator; and
 - c. For any entity listed under this paragraph 4.3.1 that is owned more than 50%, directly or indirectly, by another entity, the entity may, at its discretion, submit information on its parent entity instead of itself in order to demonstrate technical capability.
- 4.3.2 Description of the Applicant’s previous experience and technical expertise in hydrocarbons operations, specifically including Applicant’s experience conducting seismic acquisition, drilling and production operations. Applicants should highlight any experience or other expertise with subsalt or other deep gas exploration.
- 4.3.3 Description of the Applicant’s previous experience and technical expertise in hydrocarbons operations performed in similar physical conditions to those in the Kushka Tirpul Basin.
- 4.3.4 Description of the Applicant’s internal capabilities to explore for, develop and produce hydrocarbons from the Kuska Tirpul Basin, including capabilities in the areas of:
- a. Exploration geology and geophysics;
 - b. Reservoir geology and engineering;
 - c. Subsurface field development technology;
 - d. Exploration well design, drilling and completion;

- e. Production development and engineering; and
 - f. Human resources, HSE and facilities management.
- 4.3.5 If the Applicant intends to supplement its internal capabilities by engaging external contractors and other experts to perform hydrocarbons operations in the Kushka Tirpul Basin, a description of these external contractors and experts should be provided. Applicants should also indicate how they intend to manage these external resources.
- 4.3.6 Description of the Applicant's capabilities with respect to sourcing of equipment, machinery, tools and personnel for hydrocarbons operations in the Kushka Tirpul Basin. Applicants should specify the source of any key resources required to commence exploration operations.
- 4.3.7 Description of the Applicant's risk management systems and the policies and procedures it will follow to secure the health, safety and welfare of persons involved in or affected by the hydrocarbons operations.
- 4.3.8 Description of the Applicant's record of environmental protection and compliance, including a description of any formal investigations, judgments or citations by governmental authorities in the last 5 years.
- 4.3.9 Description of the policies and procedures the Applicant will follow to protect the environment, prevent, minimize and remedy pollution and other harm from hydrocarbons operations. Applicants should highlight their policies and procedures concerning the disposal of water and associated gas.
- 4.3.10 Description of the Applicant's experience engaging with local communities in areas affected by hydrocarbons operations and the policies and practices it would apply to communities in the Kushka Tirpul Basin. Applicants should highlight any community engagement efforts they have conducted in developing countries.

In addition to the information specified in paragraphs 4.1 to 4.3 above, Applicants are permitted to submit any information they wish the Ministry to consider concerning their financial and technical capabilities. Applicants are permitted to organize the requested information in a logical fashion that differs from the order set forth in paragraphs 4.1 to 4.3 above. However, for ease of review, Applicants should specifically reference the relevant subparagraph in response to which information is being submitted (*e.g.*, para. 4.3.2). The Ministry reserves the right to seek further information or verification from third parties to assist with an evaluation of the Applicant's legal, financial, and technical qualifications.

5 Submission

All documents, including voluminous corporate reporting information (annual reports, security regulatory filing, etc.) must be submitted in English.

Request for Expressions of Interest
Hydrocarbons Exploration & Production Sharing Tender of Kushka Tirpul Basin

It is recognized that some consortia, including consortia formed for the purpose of participation in this Tender, will not have consolidated financial reports and operating history. Those Applicants must provide sufficient information for the Ministry to evaluate the qualifications of the consortium, and each consortium must have a designated operator.

Upon qualification, Applicants will be informed as to the procedures by which qualified Applicants that did not seek qualification as a consortium may associate with other qualified Applicants in the form of a consortium or joint venture.

Qualified Applicants must continue to satisfy qualification criteria throughout the award of the EPSC. Any material changes to information relating to an Applicant's qualifications previously submitted must be amended, even if the Applicant has already received notice that it is qualified.

The Expression of Interest must be submitted electronically **no later than January 15, 2024 at 1200 hrs Kabul time** to qaisbilal@momp.gov.af & mtk034@yahoo.com and, if desired, a hard copy may be delivered to the following address:
